**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON THE PETITION OF  
THE CALIFORNIA PUBLIC UTILITIES COMMISSION AND THE PEOPLE OF THE  
STATE OF CALIFORNIA FOR WAIVER OF THE FEDERAL COMMUNICATIONS  
COMMISSION'S CONTAMINATION THRESHOLD RULE**

**CC Docket No. 99-200**

**Release Date: October 24, 2002**

**Comment Date: December 13, 2002**

**Reply Comment Date: December 23, 2002**

The Wireline Competition Bureau seeks comment on the petition for waiver of the Commission's contamination threshold requirement,<sup>1</sup> filed on September 5, 2002, by the California Public Utilities Commission and the People of the State of California (California Commission).<sup>2</sup> The Commission's rules require that "[a]ll service providers required to participate in thousands-block number pooling donate thousands-blocks with ten percent or less contamination to the thousands-block number pool for the rate center within which the numbering resources are assigned."<sup>3</sup> The California Commission requests that the Commission grant a waiver of this rule so that it can increase the contamination threshold to 25 percent in California.

The California Commission asserts that permitting it to increase the contamination threshold will allow more numbers to be donated to active number pools in California and will maximize the amount of available numbering resources in the areas where number pooling has

<sup>1</sup> See 47 C.F.R. § 52.20(c)(1). Contamination occurs when at least one telephone number within a block of telephone numbers is not available for assignment to end users or customers. See 47 C.F.R. § 52.7(h).

<sup>2</sup> See *Petition of the California Public Utilities Commission and the People of the State of California for Waiver of the Federal Communications Commission's Contamination Threshold Rule*, CC Docket No. 99-200 (filed Sept. 5, 2002) (California Commission Petition).

been implemented.<sup>4</sup> Specifically, the California Commission states that almost 7,000 more blocks could be placed in pools in California. According to the California Commission, this would add approximately 5.2 million to 6.2 million numbers to pools in California.<sup>5</sup>

We seek comment on the California Commission's petition. Specifically, we ask commenters to address the technical implications of increasing the contamination threshold to 25 percent, including specific impacts on local number portability. We ask the North American Numbering Council (NANC), the Commission's advisory committee on numbering issues, to evaluate the technical viability of increasing the contamination level, and to submit its findings to the Bureau no later than December 13, 2002.

We further seek comment on the policy implications of increasing the contamination threshold to 25 percent, and on alternative methods for increasing the availability of numbers in California. Commenters should also address the advantages and disadvantages, including the associated costs, of increasing the contamination threshold to 25 percent. Finally, commenters should address the extent to which increasing the contamination threshold will improve numbering resource optimization or otherwise serve the public interest in California.

Interested parties may file comments on or before **December 13, 2002** and may file reply comments on or before **December 23, 2002**. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents*, 63 Fed. Reg. 24121 (1998).

Comments filed through the ECFS can be sent as an electronic file via the Internet to <<http://www.fcc.gov/e-file/ecfs.html>>. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to [ecfs@fcc.gov](mailto:ecfs@fcc.gov), and should include the following words in the body of the message, "get form <your e-mail address>." A sample form and directions will be sent in reply. After filing your comments electronically, please notify Sheryl Todd at [stodd@fcc.gov](mailto:stodd@fcc.gov) that comments have been filed.

Parties who choose to file by paper must file an original and four copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Vistrionix, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail,
